### **NEW SAFE2TALK LG AND PANASONIC CONNECTORS ANNOUNCED**

Blueant Wireless has today announced 2 new Safe2talk connectors to suit LG and Panasonic mobile phones. The new connectors will suit the following handsets.

- LG u8100, u8120, u8138, u8150 (new release Jan 27, 2005)
- PANASONIC X70, X700, P342i (new release Jan 27, 2005)

“The new additions bring the total Safe2talk range to 15 different models covering 100 different mobile phones,” said Managing Director, Taisen Maddern.

“The Safe2talk plug and go handsfree is the best value and most versatile universal car kit product ever to be sold in the Australian and New Zealand markets”, he said

Blueant products are available in over 2000 retail outlets in Australia and New Zealand.
