

FOR IMMEDIATE RELEASE

8 June 2006

WIRELESS FREEDOM TO GAME, STREAM MUSIC AND SPEAK WITH BLUEANT'S X5 STEREO BLUETOOTH HEADSET

Loaded with everything for the digital connoisseur, the newly released wireless multi-function BlueAnt X5 Stereo Bluetooth Headset is packed with multiple features to stream stereo music from a mobile phone, PDA, iPod, MP3 player or computer and take calls as well as use voice over internet (VOIP) applications. Sleek, stylish, compact and fully portable, this all-rounder is a must for professionals on the move, gamers and those who want quality stereo streaming in the office, at home or while travelling.

It features Advanced Audio Distribution Profile (A2DP), a revolutionary new music technology which allows users to send CD quality stereo music from one device to another without using wires.

BlueAnt Wireless Managing Director, Taisen Maddern, says, "The X5 puts a whole new spin on integration between devices, giving you the freedom to use the wireless X5 across a range of applications such as gaming, mobile communication and listening to your favourite tunes."

The X5 can pair with up to 10 devices and also supports Audio Visual Remote Control (AVRCP), Headset and Handsfree profiles and operates easily within a range of 10 metres. It offers 12 hours of talk time and up to 200 hours of standby time.

The X5 also features:

- An included Bluetooth Audio Streamer capable of streaming wireless music to the X5 from any audio source.
- AVRCP Bluetooth profile allows remote control of Windows Media Player, Winamp, WinDVD and other compatible music player applications, using buttons on the X5
- One touch redial/answer function and the ability to answer calls from a mobile phone while listening to music
- 3.5mm line-in jack on the audio streamer for connection to iPod or MP3 player (cable included in box)
- A detachable microphone uses a mini USB plug
- Charging options include two USB cables to plug into PC/Mac as well as an AC charger
- A compact removable rechargeable battery which lasts for more than 12 hours
- Use the Audio Streamer without a battery by plugging into a USB port

RRP – \$199 Available nationally through Telstra, Dick Smith, Tandy and Powerhouse Stores.

Visit www.blueantwireless.com for detailed product information and specifications as well as information regarding Blueant, Bluetooth technology and its entire range of wireless products. The X5 Stereo Bluetooth Headset is available for review purposes.
